Schedules

From any of the Calendar views you can tap a schedule to see the details.

Schedules Details:

- Date, Start/End Time and Hours (length of schedule)
- Client's Name and Address (tap the address to get mapping details)
- Type of work you are performing. This example shows PCA Hourly.
- Estimated Paid Hours

Below is a close up view of the bottom of the schedule with explanation of the buttons:

Clock In & Out for Schedules

- From any of the Calendar views, you can tap a schedule to clock in or out.
- Your *GPS* or *Location Services* needs to be enabled on your device. To verify this is working, open your maps app and make sure that it shows a pin at your current location.

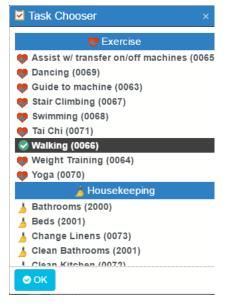

Troubleshooting:

- When starting or ending a visit, if you receive an indication that you are not close enough to the location ("xx meters/yards out of range"), try moving to the front door, or stepping outside of the building to get a clear signal and refresh your location.
- If one or both of the Clock In or Clock Out options is not visible, you may be too far from the original scheduled time of the schedule. You may need to contact your office to adjust the schedule time in this case.

Check off Duties to Perform

- From any of the Calendar views you can tap a schedule then tap the *Details* drop-down menu and tap **Duties to Perform**.
- Tap the box beside each task to show you've completed the task.
- Click the Add button to open the **Task Chooser** screen.
 - Scroll through the list and tap each task you have completed to add to the current list.
- The list will be attached to the schedule and visible to the Office Staff

Add Care Note

- From any of the Calendar views you can tap a schedule then tap the *Details* drop-down menu and tap **Care Note**.
- Click the **Add** button to open the Care Note screen.
 - Type in a brief note, then click **Save**.
- The note will be attached to the schedule and visible to the Office Staff.

Capturing Signatures

- From any of the Calendar views you can tap a schedule then tap the *Details* dropdown menu and tap **Signatures**.
- Click the **Client** button to open the **Mobile Signature** screen.
 - Click OK, the Tasks Completed screen appears. Client will click Yes or No.
 - If they click *Yes*, the signature screen opens for them to sign. Click *Save*. Repeat steps for Caregiver's signature if required. If not, click *OK*.
- The signatures will be attached to the schedule and visible to the Office Staff.
